

“Centre for Excellence in Medical Diagnostics”

About Us

Prognosis Laboratories is a state of the art
“**Centre for Excellence in Medical Diagnostics**”.
Committed to the **service of humanity** from
past **2 decades** and **counting**.

The laboratory is a cheerful and spacious facility, housed in approximately 7000 sq. ft. of dedicated lab area. A vast array of best-in-class equipment and a team of highly experienced technical staff put us on par with the very best in the industry. A supremely accomplished and experienced team of doctors across various diagnostic specialities including Pathology, Microbiology, Biochemistry and Radiology constantly mentor the technical staff and monitor all technology platforms at the lab to get the best out of both men and the machines.

At Prognosis Labs we believe that “quality is not a skill but a habit”. We try our best to ensure that our patients are offered utmost care, comfort, attention, and immaculate results, thus bringing relief to the patients whose lives we touch every day in their hour of need.

PRE-NATAL SCREENING:

Fetal medicine Federation (FMF) approved Maternal Marker test for first trimester screening

A team of
specialists to
supervise
your reports,
because we
care

Core Team

DR. DEEPAK SADWANI

Director at Prognosis Laboratories
MBBS (AFMC), MD (Pathology)
Formerly: Pathologist, AIIMS
Chief, Ref. Labs, Dr. Lal Path Labs Ltd.
Director, Quest Diagnostics India
CMO, Apollo Health & Lifestyle Ltd.

A graduate from the prestigious Armed forces Medical College, he completed his MD in Pathology from GMC Nagpur in 1997. Subsequently he worked in the departments of clinical pathology, cytology, haematology and histopathology at Lady Hardinge Medical college and AIIMS as a senior resident. He subsequently worked extensively in the fields of immunohaematology, molecular biology and cytogenetic at Dr Lal Path Labs Ltd as head of their reference laboratory. A true pioneer in these fields, he was instrumental in establishing flowcytometry and PCR based testing a viable diagnostic procedures. He also acquired a keen interest in quality assurance procedures and was at the helm of affairs when his lab became the first ever lab in India to get both NABL and CAP accredited. He subsequently moved on to help establish SRL's regional centre of excellence in Delhi. He then moved on to Vimta Lab Ltd as Vice President and head of the clinical reference laboratory division where he established the relevant quality assurance and administrative protocols for efficient running of the laboratory. His last assignment was as Director of Pathology and Quality Assurance at Quest Diagnostic India. Having gained enormous experience in the latest diagnostic tool while working with the largest laboratories of India, he decided to join Prognosis Laboratories as guide mentor and partner in the year 2013.

DR. DEEPAK SADWANI

Director at Prognosis Laboratories
MBBS (LHMC)
MC (Biochemistry)
Formerly: Biochemist, MAMC

An alumnus of the prestigious Lady Harding Medical College, she did her MD in Biochemistry from Patel Chest institute and then moved on for her two year senior residency at the 'Maulana Azad Medical College.' Driven by a passion to provide quality diagnostic solutions to the then up-coming sub city of Dwarka, she took a decision to quit a highly rewarding job at a prestigious institute to set up 'Siddhant Diagnostix' in the year 2002, which was one of the pioneer medical establishments in the sub city. 'Siddhant Diagnostix' was rechristened as 'Prognosis Laboratories' in 2013.

MR. MAYANK MADAN

Director at Prognosis Laboratories
BE (Hons.) (BITS Pilani)
MBA (MDI Gurgaon)

A B.E. in mechanical engineering from BITS PILANI, one of the premier engineering institutes of the country, he carried on his brilliant academic record with an MBA degree in finance and Marketing from MDI Gurgaon, a blue chip B-School of the country. He gave up a highly lucrative career with financial powerhouse HSBC and in January, 2013, along with Dr. Smita Sadwani and Dr. Deepak Sadwani, Launched Prognosis Laboratories, a centre for excellence in medical diagnostics.

MR. DIVYANSHU TRIPATHI

Business Head (India & Overseas)
Prognosis Laboratories

A pharmacy graduate from a Premium Healthcare University of Karnataka with an experience of almost 2 decades in hardcore sales and marketing. He has worked in the all zones of the country with stretch of North to south India and West to East India during the tenure. Enriched his experience of strategy formation and its development while working with market leaders of Pharma and Diagnostic industry subsequently. He has developed Markets, Customers and People throughout his career. He is a firm believer for investing in Human resource and strengthening bench strength of the organisation to create future leadership not only for a company but for the industry. In his tenure he has been known for taking initiatives as a leader who take risks and delivers the outstanding results. He has a process oriented approach and time bound productive systems.
